##### Weekend

- We failed to fully implement guidance for rector(a) before weekend team selection.
- We will make a list of “musts” for future rector(a). Anyone who will be serving will need to agree to follow the guidelines from the weekend manual.
- Presentation will be prepared and presented by the weekend section reviewing the weekend manual guidelines and schedule (see June 2013 locale notes)
- Plan for the coming year – Review and update the Vermont weekend manual to remove procedures that do not agree with CDC and/or National weekend manual. Remove duplication and note chapter and page where National manual has information.
- As of October, we have raised 25% of our target, before counting our ticket sales.
- Suggestion was made to compare attendance of weekends spring to fall, to help with planning when is the most effective time for weekends.
