We received rector report but were unable to open it.

No selection of a Rectora from Vt has been recommended but we have 3 names of potential team members and a possible candidate for rectora from Ft. Covington, NY. They are Sylvia Lauzon phone # 518-358-2454, and Mary and Carol Pulsifer. All made their weekends in Vermont and have attended at least one renewal weekend in Vermont since.

The VT weekend handbook has been updated.

We are recommending selection of the dates for spring 2015 Cursillo weekends and contract be secured with Mountain Meadows now to assure availability.

Armand Auclair will submit the next Cornerstone article.

Query- Should applications for candidates be collected by the weekend section rather than pre-cursillo?

What happened to discussion re historian?

Post Cursillo report. Reviewed Structure of Ideas regarding the 7 talks it recommends for follow-up after the weekend. Post feels weekend section should do the outline for the first 3 talks and they will do the outline for the last 4.

Dan Daigler presented the technique talk on Structure of Ideas. Secretariat should be alive, joyous and daring balanced with the to do list.

Secretariat should not be authoritative, leaders need to be saintly. Secretariat must be flexible with what we are looking at throughout the state, including those who do and those who do not do.

There are 3 types of secretariats in the USA, diocesan, regional and national. Other countries only have diocesan and central.

Duties & responsibilities were reviewed of each of these secretariats.

Purpose of Secretariat – theology in line with church and Christ.

In tune with environments needs.

Respectfully submitted

Judi Hussey
